MUSSO

4x4 PICK-UP OF THE YEAR 2024
THE U.S.'S ONLY 4x4 AND PICK-UP MAGAZINE
BEST VALUE

AWARD WINNING POWER

BUILT ON TRUE PICKUP HERITAGE

With a redesigned front and a more commanding stance, the Musso Rhino and Musso Rhino+ convey the confidence of a pickup built for real-world demands.

INTRODUCTION

AUTHENTIC. COMFORTABLE.

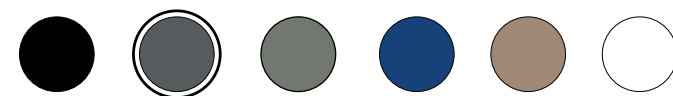

MODELS

RHINO

A bit of luxury after a hard day's graft. Heavy duty outside but soft and luxurious inside, with nappa leather heated and ventilated front seats, heated rear seats and top quality sound and infotainment. Rhino graphics give it a distinctive look. Tough enough to offer a 5-year or 100,000 mile warranty.

Marble grey

Drivetrain

- Power: 202-PS
- Torque: 400-Nm
- Selectable 4x4 with low ratio

Exterior

- 18" silver alloy wheels
- Side steps
- Black & silver roof rails
- Electrically operated & heated door mirrors
- Embossed KGM tailgate
- Front and rear parking sensors
- Rear privacy glass
- HID LED headlamps and LED clusters

Interior & Connectivity

- Premium nappa leather seats
- Power adjustable and ventilated front seats
- Heated front & rear seats
- Automatic dual-zone air-conditioning
- 12.3" full digital instrument cluster
- 12.3" smart audio screen with TomTom navigation and wireless Apple CarPlay and Google Android Auto
- Rear-view camera
- 3D around view camera monitoring system
- Intelligent adaptive cruise control

Safety

- 6-airbags
- **Smart safety features including:** Brake Assist System, Safety Exit Warning, Blind Spot Detection, Rear Cross Traffic Alert, Trailer Sway Control and Lane Change Warning

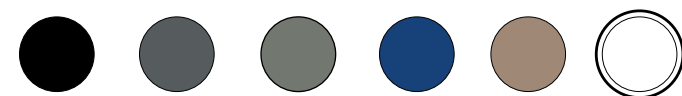

RHINO+

LONG WHEEL BASE

The biggest and the best. Rhino+ has the lot. The biggest pickup bed on the road by volume. Pure indulgence inside. Pure muscle outside and bristling with safety aids. Tough enough to offer a 5-year or 100,000 mile warranty.

Grand White

Drivetrain

- Power: 202-PS
- Torque: 400-Nm

MORE GUTS, MORE GLORY

2.2L e-XDi 220 Max Power

The new, more powerful, KGM manufactured turbo diesel engine has the power to deliver, but is more efficient and yet remarkably quiet. 6-speed manual transmission, or 6-speed Aisin automatic transmission, the Musso offers a choice of either.

Max Power	Max Torque
202PS	400Nm
3,800rpm	1400-2800rpm

When it comes to towing, Musso pulls away from the competition. Nothing comes close to its total load capacity. Its pulling power of 3.5-tonnes is gargantuan. And a payload of up to 1200kg takes a load off your mind. To do both at the same time makes Musso unique amongst its peers.

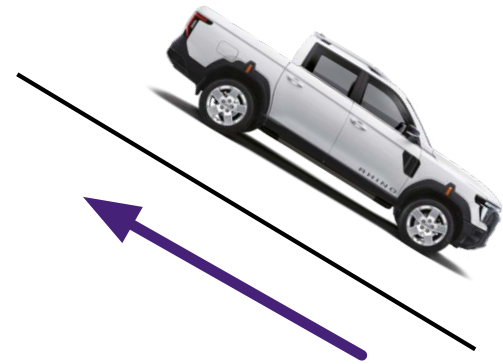

Total load Capacity

Most pick-ups can't tow a trailer at maximum weight and carry a full payload at the same time, but Musso Rhino and Musso Rhino+ are different from most pick-ups. With a class-leading gross train weight of 6750kg, and 6900kg (Rhino+), our Korean beast has the highest total load capacity of any pick-up on sale in the UK.

	Rhino	Rhino+
Gross train weight (kg)	6750	6900
Kerb weight (kg)	2196	2236
Towing limit (kg)	3500	3500
Payload (kg)	1090	1200

MUD & GUTS

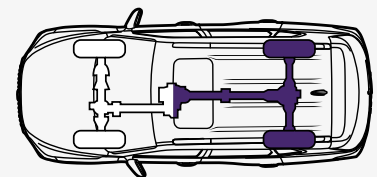

Primarily a pick-up, this is also a pure off-roader by breed. It shares its chassis and drivetrain with its sophisticated SUV cousins, so noise, vibration and harshness are minimised to levels you'd expect from a luxurious saloon.

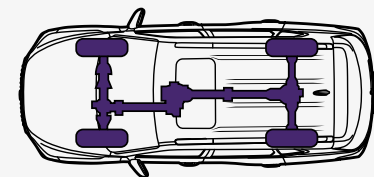

Hill start assist

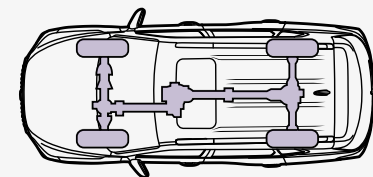

Hill descent control

2WD high range

4WD high range

4WD low range

Part-time 4WD

Part-time four-wheel drive allows the driver to choose when to activate the system, depending upon changing conditions on or off the road.

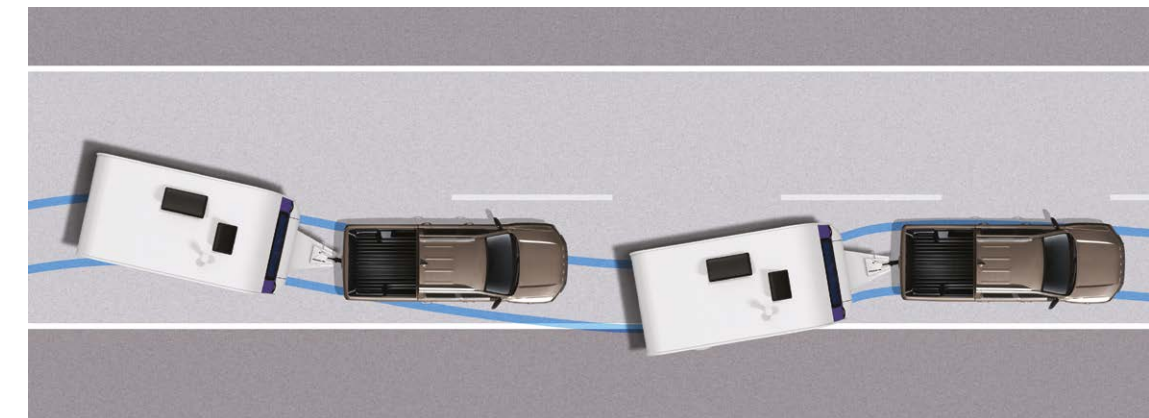

SERIOUS 4X4 CAPABILITY

TOWING

Musso is engineered to go wherever it's needed and do whatever needs doing. Thoughtful features are added to a big, strong, capable vehicle – for practicality, not show.

When it comes to towing, Musso pulls away from the competition. Nothing comes close to its total load capacity. Its pulling power of 3.5 tonnes is gargantuan. And a payload of up to 1200kg takes a load off your mind. To do both at the same time makes Musso unique amongst its peers.

Trailer sway control (TSC)

Driving stability is improved by automatic detection and stabilisation when the trailer begins to yaw or sway.

EQUIPPED FOR ANY TASK

3D Around View Monitoring System (AVM)

Clear Sight View (CSV)

Rear view camera

SPACE

FULLY LOADED

Built to easily carry an entire Euro-pallet, the load deck is the deepest on the market. It'll carry 1,011 (1,262 Rhino+) litres of cargo and it'll shift anything in the bed that weighs a tonne (or 1,200kg). The load bed features cargo tie-down rings to strap down loads and a load liner as standard. The load bed has easy access via the wide opening tailgate. With a width of 1,570mm and a depth of 570mm it offers an impressive space.

SPACE FOR EVERYTHING

LED deck light

Bumper rear step

Load liner

Cargo tie-down hooks

GOOD LOOKS, PRACTICAL DESIGN

Musso says bold. Musso shouts confident. Complemented by clever flourishes of design-led sophistication. It looks good. It drives better.

Bold Front Design

An assertive front design and elevated stance give the Musso a confident off-road character. The front grille further reinforces its undeniable identity as a true pickup.

Centre Position Lamp

Full LED Projection Headlamps

LED Rear Combination Lamps

Alloy wheels

The Musso comes with 18" silver alloy wheels. Also offered as an accessory are a choice of two additional alloys available in gloss black and gloss black with polished face.

INTERIOR & CONNECTIVITY

THICK SKIN SOFT INTERIOR

After a hard day's graft, you want to wind down. Relax in a comfortable, welcoming interior. Safe in the knowledge that impressive technology is working to keep you securely on the road.

INTERIOR & CONNECTIVITY

INTERIOR DESIGNED

Get comfortable and discover the advanced state-of-the-art infotainment system. Musso Rhino and Rhino+ models feature a 12.3" touchscreen with Tom Tom navigation, wireless Apple CarPlay and Android Auto to play your favourite driving tunes and podcasts whilst also keeping you on track.

Smart key

Wireless mobile phone charger

Dashboard-integrated ambient lighting

Ergonomic gear lever

Cruise control on steering wheel

Remote control audio

DRIVER INTEL

12.3" Digital Cluster

DMS (Driver Monitoring System)

Activates visual and audible warnings when continuous driver gaze below the steering wheel or instrument panel is detected while driving.

MUSCLE INTELLIGENCE

IN COMFORT, IN HARMONY

Koreans talk of 'Noon-Chi'. It's a phrase which means being in touch with the feelings of others and in harmony with your environment. Musso has the 'Noon-Chi' you need for a comfortable, harmonious drive.

Ventilated & heated seats

The Mussos 2 front seats are cooled providing the cabin with a stress free and comfortable climate in warmer seasons. All 5 seats are heated to give driver and passengers that extra boost of warmth in the colder months.

Dual-zone air conditioning

Rear row air vents plus air conditioning

A STRONG FOCUS ON STRUCTURE AND CORE SAFETY FEATURES

Musso is equipped to cope with extremes. The safety measures are cutting edge and built-in to provide maximum security and reassurance in the most testing environments. The numbers all stack up.

Musso has 6-airbags for the greatest possible protection in the event of a sudden stop.

- 1 Driver's airbag
- 2 Passenger's airbag
- 3/4 Driver's & passenger's side airbags
- 5/6 Curtain airbags

Locking differential

On mud, snow or other slippery surfaces, one wheel may slip or lift into the air. In such circumstances, the locking differential locks both wheels on the same axle together so they turn in unison, allowing the vehicle to recover its traction and momentum.

SMART SAFETY

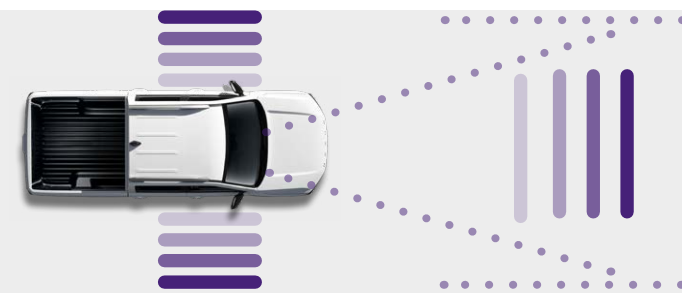

Electronic Brakeforce Distribution Anti-Lock Brake System

This smart braking system detects where braking force is needed and applies it to the front or rear wheels as required.

Electronic Stability Programme

ESP constantly monitors road conditions and vehicle status and automatically adjusts engine output and braking whenever the driver might lose control. It integrates the ABS, active rollover protection, anti-slip regulation and brake-force assist.

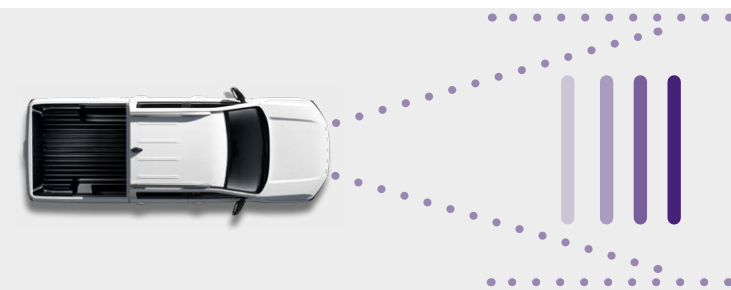

Traction Control System

Musso's active vehicle safety system manages the traction available when accelerating on low-friction road surfaces.

Brake Assist System

BAS automatically activates full braking in an emergency to reduce the vehicle's braking distance to help avoid an accident.

Lane Keeping Assist

LKA uses a front camera to monitor the painted lane markers. On detecting an attempt to change lane without prior signalling, it automatically corrects the electric power steering to keep the vehicle within the intended lane.

Blind Spot Detection

Senses vehicles coming up in the blind spot behind or alongside, the system warns with a flashing light on the outside mirror and warning sound in the cabin.

Trailer sway control

Driving stability is improved by automatic detection and stabilisation when the trailer begins to yaw or sway.

Rear Cross Traffic Alert

By using rear-corner radar, the system helps to prevent backing into crossing traffic by alerting when vehicles are detected.

customerservices@kgm-motors.co.uk

KGM ASSISTANCE

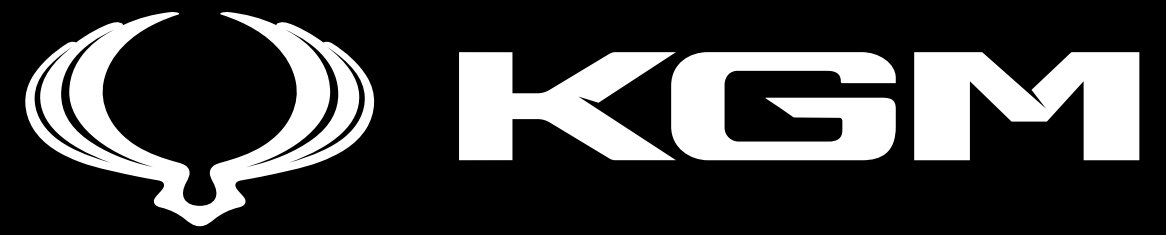

All KGM new vehicles come with 12-months Roadside Assistance, providing you with the best level of customer care both in the UK and on Mainland Europe.

5-YEAR WARRANTY

It's reassuring to know that the Musso range comes with a 5-year / 100,000-mile warranty. It's a Korean thing. When we promise something, we stick to it. If something goes wrong and it's definitely our fault, we fix it. Our customers like it, and they tell other people about it. So everybody's happy.
